## **Seating Inc. Introduces Commercial Orders Freight Surcharge for Zones 1 and 2**

**- Effective August 1, 2006**

Starting August 1, 2006, Seating Inc. will be adding a freight surcharge to small quantity **commercial** orders throughout shipping zones 1 & 2. In addition to our current shipping program, we will be adding a \$5 per chair freight surcharge on orders as follows:

**Zone 1** - \$5.00 per chair on orders less than 6 pieces.

**Zone 2** - \$5.00 per chair plus the current shipping charge of \$7.50 (for a total of \$12.50 per chair) on orders less than 10 pieces.

Orders that meet the appropriate minimum qualifications will continue to be shipped freight free.

Remember: the Zone is determined by the Ship-to-Location of the order, not the origination point. Orders shipped to multiple locations may not be combined to qualify for free freight. Only shipments to loading docks or approved drop-off locations are eligible.
