- 8 standard laminate finish options
- matching 3mm edge
- optional contrasting edge

choose base & caster upgrades:

- trumpet base for chairs
- adjustable or teardrop trumpet base for stools
- hard floor casters or glides

features

- Go2 is perfect for examination rooms where doctors work directly with patients and electronic medical records, collaborative student sites, and innovative office spaces that incorporate touchdown work areas.
- Go2 “tuck away” arm creates a reduced footprint for storage and ease of movement from one location to another.
- Go2 comes standard with casters, making them easy to move to create unique spaces. Choose glides or trumpet base for fixed position applications.
