

Q35 - HD Superior Synchro

Mechanism Instructions

- ① Tilt Lock Adjustment:**
Turn Forward (Clockwise) to release lock and tilt freely.
Turn Rearward (Counter Clockwise) to lock tilt position.
- ② Pneumatic Lift Adjustment:**
Lift tab up to adjust seat height.
- ③ Tension Adjustment:**
Pull the handle out away from the seat, then turn the handle forward to tighten, or rearward to loosen.

All adjustments are made while seated.
