## UPHOLSTERY COMBINATIONS UPCHARGE (UC)

For fabric, vinyl, or leather upholstery COM/COV/COL combinations (UC), a \$47 List upcharge per unit will apply.

## UPHOLSTERY COMBINATIONS GRADING

When combining different grades of fabric, grade will be based on the highest grade specified.

## AMERICAN TEXTILE PROGRAM

Seating Inc. is pleased to include textiles manufactured in North America by Absecon Mills and Guilford of Maine. Our American made fabric card, grades 1, 2, & 3 features a wide range of attractive patterns and colors that meet our strict requirements of quality and durability. Each textile meets ANSI/BIFMA standards for endurance and is flame retardant, meeting California Flammability regulation 117. For more detailed specifications, refer to the back of the fabric card. To see more American made textiles, from Guilford of Maine, please visit [www.seatinginc.com](http://www.seatinginc.com).

## CARDED TEXTILE PROGRAM

In addition to our American made fabric card, we also have cards from preferred fabric suppliers Culp, Mayer, Momentum, and Ultrafabrics. We offer a wide variety of fabrics and vinyls on these cards. Each textile meets ANSI/BIFMA standards for endurance and is flame retardant, meeting California Flammability regulation 117. For more detailed specifications, refer to the back of the fabric card. To see these carded textiles, please visit [www.seatinginc.com](http://www.seatinginc.com).

## TEXTILES GRADING PROGRAM

Seating Inc. has calculated the grade and the related per yard upcharge for each of ArcCom's, CF Stinson's, Culp's, Mayer Fabrics' and Momentum Textile's upholstery patterns. If you select a pattern offered by the companies and not carded by Seating Inc., we will provide you with a price quote, order and receive the fabric, and manufacture your chair. This eliminates the need for you to "administer" your project, issue separate purchase orders, and will shorten production lead time.

ArcCom, CF Stinson, Culp, Mayer Fabrics, and Momentum Textiles grades and charges are listed online at [www.seatinginc.com](http://www.seatinginc.com). For fabrics being used other than what is listed above, please call Seating Inc. for pricing.

# COBRA PACKAGING & FREIGHT CLAIMS

Every consideration is given to ensuring that our products are received by you, or your customer, in the same condition as when it leaves our factory. We know your order is not complete until this is accomplished. All of our products are either shipped via UPS/FedEx, common carrier, or private carrier. This is determined by the number of cartons required for shipping your order, and the destination location. All Cobra products are shipped one item per carton.

## PRIVATE CARRIER AND COMMON CARRIER

Only orders that are big enough to fill at least a truckload are considered for private carrier shipments. For large quantity orders, we are happy to deliver cardboard wrapped, sometimes referred to as blanket wrapped, fully assembled orders. This is the most convenient way to receive chairs. Simply roll the chairs off the truck into your customer's space. Cardboard wrapping may not be suitable for all chair types and textiles. Call us directly to set up this service. Note: Customer is responsible for disposing of the cardboard.

## LTL

Most Cobra products are shipped using LTL (less than truckload) carriers. Products packaged for LTL shipments may use combinations of private & UPS/FedEx packaging as we see fit. Orders that do not fill at least a truckload will be subject to shipment by LTL.

## UPS/FEDEX

Some Cobra products are shipped using UPS/FedEx. Cobra products that can be shipped using UPS/FedEx are noted within this price book.

## PACKAGING

Cobra Seating is shipped fully assembled, Cobra Tables are shipped unassembled and feature "Easy Assembly". This technique makes assembly simple and quick so that you can have your customer set up in minutes.

We have worked diligently with carriers to ensure that our cartons, packaging, labeling, etc., not only meet their restrictions for size and weight, but more importantly, will arrive at its destination with the least likelihood of any damage.

All cartons have:

- 350lb. double wall construction
- Cardboard "cross-inserts" to prevent side impact shock to the chair
- Access holes for easy lifting
- Stapled seam for extra strength
- Foam padding to prevent impact shock to the chair
- All Cobra products are shipped one item per carton

## FREIGHT CLAIMS

Even though we take every precaution to ensure your order arrives with no damage, we cannot control events that may take place in transit. It is the responsibility of the party receiving the shipment to inspect it for signs of damage before signing the bill of lading. Signing the bill of lading releases the carrier and Seating Inc. from any responsibility for damages occurring during transit.

Caution: after obtaining a clear receipt for shipment, the delivering carrier is no longer responsible for damages or shortages.

It is your responsibility to report any shortages or outward damages on the bill of lading. You protect yourself by refusing shipments showing damage or shortage until transportation carrier has noted on the delivery sheet the extent of damage or shortage.

In the event of "hidden damage" it is the responsibility of the party receiving the shipment to contact Seating Inc. immediately.

Damage to contents must be reported within 2 days from the date of delivery. If at all possible, please take pictures of the damage.

All merchandise should be retained in the original shipping container, in the same condition it was in when loss or damage was discovered.

If you experience concealed damage:

1. Call Seating Inc. to report the damage immediately. Then write an affidavit giving date damaged product was received and the damage incurred. If possible, take pictures of the damage.
2. Retain all merchandise in the original container.
3. Contact Seating Inc.'s shipping department (800.468.2475, production@seatinginc.com) to advise them of the damage situation and be prepared to provide detailed order and product information.
4. Send a copy of your affidavit to Seating Inc. and any pictures, if available. It will be the responsibility of Seating Inc. to file a cargo claim within prescribed time limits and to respond to any requests from the carrier for supporting documentation. The damaged product must be retained until the claim is resolved, or until the claimant is given disposition by the carrier.
