TERMS & CONDITIONS

DISCLAIMER

The Terms & Conditions below expressly set forth Seating Inc.'s position and is not intended to be a full, comprehensive, and complete detail of each subject. Seating Inc. reserves the right to alter, change, modify, expand, or discontinue any of the policies set forth below. Seating Inc. further reserves the right to alter, change, modify, or discontinue its programs, policies, or relationship with any customer who violates Seating Inc.'s stated Terms & Conditions.

PRICES

All prices shown within this Pricer are Suggested List Price only and are subject to change without notice. All merchandise will be invoiced at prices prevailing at time of order placement.

ORDERS

All orders must be submitted in writing via US Mail, Fax Transmission, or Email. It is the Buyer's sole responsibility to check orders and their corresponding acknowledgements for accuracy.

MINIMUM ORDER SIZE

No minimum order required.

ACKNOWLEDGEMENTS

Every order is acknowledged by fax within 72 hours of receipt and credit approval of an order. If you do not receive an order acknowledgement within 72 hours, please contact customer service at 800.468.2475. An acknowledgement will confirm quantities, items ordered and prices effective at the time of order acceptance. Orders will be manufactured and invoiced based upon the information on the acknowledgement. If there is any discrepancy, please notify Seating Inc. immediately, in writing.

LEAD TIMES

Lead times are based on receipt of a complete and correct order that has been approved for credit. If an order is subject to a credit hold, it will be scheduled for shipment only after it is released from credit hold. All order acknowledgements contain an estimated shipping date, which is subject to change.

REVISED ORDERS

Orders requiring changes to the product or additional options will not incur additional costs unless orders have been processed. Seating Inc. reserves the right to apply additional charges to the invoice for orders revised after manufacturing has begun. All changes must be in writing.

TERMS

All merchandise will be invoiced when shipped, upon credit approval, with standard terms of net 30. Credit cards accepted within 10 days of shipment. The Buyer agrees that Seating Inc. shall have the right to assess interest charges of 1.5% per month on invoices not paid and received by Seating Inc. within terms. The Buyer further agrees that Seating Inc. has the right to change terms, suspend shipments, or refuse orders from any delinquent account.

SECURITY

The Buyer agrees that Seating Inc. maintains a security interest and title, to all merchandise sold by it to the Buyer until all monies have been paid to Seating Inc. for said merchandise.

CANCELLATION

All orders are considered firm and are not subject to cancellation by the Buyer without written approval from Seating Inc. Management. Any cancellation requests from the Buyer must be submitted in writing within two days of receipt of purchase order to be considered for approval. Seating Inc. reserves the right to assess a Cancellation Fee of no more than 30%, or as negotiated, for any order cancelled by the Buyer.

SHIPMENTS

All shipments shall be made via Seating Inc.'s choice of carrier. The Buyer may specify a servicing carrier when requesting 3rd party billing. Seating Inc.'s liability ends once the Buyer signs the Bill of Lading, or otherwise receives the shipment, thus acknowledging that the merchandise was received in satisfactory condition. It is the Buyer's sole responsibility to assume liability, risk, damage, or loss during 3rd party shipment or transshipment. Further, it is the Buyer's responsibility to report damage or loss of any shipment with the appropriate carrier.

SHIP DATES AND DELAYS

If Seating Inc. cannot ship products as scheduled due to causes beyond their reasonable control, (such as casualty, acts of nature, labor disputes, or accident; inability to obtain necessary material or transportation; or changes requested by the customer) the ship date will be extended to compensate for the delay as determined by Seating Inc.

REDELIVERY OF FREIGHT

When redelivery of merchandise is required because the customer is not ready to accept the merchandise, and no notification of this fact is given to the factory at least two weeks prior to the scheduled ship date, the actual costs for freight, restocking and rehandling will be billed to the customer.

RETURNS

Seating Inc. products are made-to-order and may not be returned without written approval from Seating Inc. Management. Seating Inc. reserves the right to refuse return of merchandise. All approved returns must be returned prepaid by the Buyer and are subject to a Restocking Charge of no greater than 30%. Merchandise must be returned unused, in original shipping carton with proper inner packaging.

CHANGES

Seating Inc. reserves the right to institute changes to material, parts, or design as well as to discontinue models, options, and/or parts without any prior notice.

DESIGN

In keeping with modern manufacturing advances, Seating Inc. reserves the right to make changes in product offering, design and materials as well as the discontinuance of parts and units when such action is deemed to be an improvement in design or function.

SPECIAL PRODUCTS

Modifications to standard products will be considered for large quantity orders. SC - Semi Custom. Contact the factory for price quotations.

TEXTILES DISCLAIMER

Seating Inc. will not be held responsible, or liable in any way, for any color variances between rolls of material due to dye lots within a shipment.

All inquiries and correspondence should be directed to:

SIMPLE STEPS HELP YOU CHOOSE

HOW TO SELECT AND ORDER A SEATING INC. CHAIR

Whether you are choosing a chair for one individual or outfitting an entire workplace, you can count on Seating Inc. to supply quality ergonomic chairs that will last for years.

Follow the steps below to custom configure chairs that fit every task - and every body.

SIMPLE STEPS

STEP 1 - DETERMINE A CATEGORY

Consider the size of the people who will be seated and the work environment. Seating Inc. chairs are organized into three categories.

300 Everyday

for single users up to 8 hours per day, 300 lb weight capacity.

400 Intensive Use

for multiple users, intensive and/or heavy duty applications, 400 lb weight capacity

550 Generous Fit

for single or multi shift use, 550 lb weight capacity (not suitable for smaller users)

STEP 2 - CHOOSE A SERIES

Each chair series has a distinctive “look” with comfort and construction features common to all styles and models. Series are arranged in alphabetical order within each category and may appear in one, two, or all three category sections. Choose from the following:

Sensible Solutions:	Advent and EDU ²
Functional Solutions:	Contour II
Complete Solutions:	Monterey II and Pearl II
Mesh Solutions:	Grid, Jay, and EDU ²
Executive Solutions:	Fit, K, Saddle, and Tradition
Specialty Solutions:	Indy and Health
Nesting Solutions:	Jay Nesting

STEP 3 - PICK A STYLE AND MODEL

From **Advent** to **Tradition**, our chair series have coordinating swivel, task, stool, sled, and multipurpose stackable styles. Consider the type of work that the user is performing and his or her level of authority.

Choose high, medium, or small backs.

STEP 4 - SELECT A MECHANISM

Mechanisms determine what a chair can “do” - from simple swivel to advanced synchro tilt. Increased functionality adds ergonomic benefits - and increases the price of the chair. Consider the number of people who will use the chair, the amount of time they will be sitting, and the type of work being performed. Purchase the mechanism with functions that will work for your application...and make sure that each user knows how to take advantage of the benefits that you supply.

For detailed mechanism information, refer to the **Mechanism Features and Functions** Section of the price book on pages 3 - 4.

STEP 5 - ADD ARMS

All Seating Inc. chairs - except those with arms that are permanently attached to the frame - are priced without arms.

Arm choices range from basic fixed height arms with urethane pads to fully upholstered executive style arms.

Specialty arm options include width adjustment brackets and pads for extra comfort or durability.

Appropriate arm choices are displayed on each product page.

STEP 6 - CONSIDER COMFORT, STYLE, AND SPECIALTY OPTIONS

Seating Inc. offers solutions for special needs. A ballistic nylon outer back protects chairs in cramped spaces.

Upgraded foam increases comfort for users who are seated for long periods of time. A wide seat can accommodate holsters or utility belts. CAL 133 meets fire safety regulations. Multiple options and upgrades are available to satisfy individual requirements. Suitable options are displayed on each product page.

STEP 7 - PICK A TEXTILE GRADE, PATTERN AND COLOR

Seating Inc. offers a broad array of textiles to fit every application, decor and budget. Select fabric, vinyl, or leather/vinyl combinations from our carded program or choose graded-in product from one of our textile partners: Arc-com, Culp, CF Stinson, Guilford of Maine, Momentum Textiles, Mayer Fabrics, or Ultrafabrics®. Commercial COM textiles may be supplied and are priced as Grade One.

To check out Seating Inc.'s fabric options, go to www.seatinginc.com, and look under the "textiles" banner.

STEP 8 - PREPARE YOUR PURCHASE ORDER

Include quantity, model number, mechanism code, and fabric selection on your purchase order. Where applicable, indicate frame color, and mesh color.

Add arm and option codes as needed.

STEP 9 - PLACE YOUR ORDER

Place your order by fax, US mail, or email. Be sure to include your company name, address, phone number, fax number, PO number, Installing Dealer and SPIFF ID (where applicable) and any special instructions. Include a contact name and extension in case there are questions regarding your order. Be sure to include a shipping address if it is different than the bill to address.

PRODUCT CODES

Example of a product code:

(The following chair appears on page 25 - 26)

Category: 300 Everyday for data entry clerk, single shift

Series: Style and Model: Contour II Task Medium Back

Mechanism: Q25 Advanced knee tilt with quick set back

Arms: Adjustable height, T-style arm with width adjustment brackets

Textile: Grade 1 Icon - Black

Options & Upgrades: TLC Foam Seat and soft twin wheel casters for use on hard floors

Product Code: CO211 Q25 TC WAB TLCS STW Grade 1 Icon - Black

IMPORTANT: Before submitting your order, refer to "SHIPPING PROGRAM" on page 9 to determine if freight charges apply to your order.

Call 800.468.2475 for further advice or assistance. Our friendly, knowledgeable customer service staff will be happy to help you!

TLCS	Energy Absorbing TLC Memory Foam Seat - 5.2lb TLC memory foam seat replaces standard seat	\$88
WS	Wide Seat - changes existing task seat width to 24" wide seat	\$117
WW	Wide Width - changes swivel chair width to 24" inside dimension	\$141
XW	Extra Wide - changes 550 task seat width to 26"	\$117
BASES/CASTERS		
CAB	5 Leg Cast Aluminum Base - Black finish	\$58
CAC	5 Leg Cast Aluminum Base - Chrome finish	\$58
FCB	Fixed Column Jury Base - 18" round base. Includes black molded cover to conceal mounting hardware	\$141
PAB	5 Leg Cast Aluminum Spider Base	\$59
BSB	5 Leg Black Composite Spider Base	\$17
PAT	Polished Aluminum Trumpet Base	\$117
TTC	Trumpet base with teardrop foot rest and pneumatic cylinder, all with matching chrome finish. (Range 22"-32")	\$142
GLIDES	2 1/2" Carpet/Hard Floor Glides	N/C
STW	Soft, twin wheel casters - for use on hard floors	\$24
SWB	Hard Floor Braking Casters - Brakes steady chair as user sits. Not available for PAB or BSB bases	\$47
WB	26" Traditional Wood Base - 2" bronze finished, hooded ball casters. Black, Empire Mahogany, Fonthill Pear Montana Walnut, Wild Cherry, Cafelle, Designer White, or Kensington Maple finish	\$257
CHAIR HEIGHT (see page 191 for cylinder height specifications)		
CYLS	Short Cylinder - 15.75" - 18.50" cylinder height	N/C
CYLT	Tall Cylinder - 19.00" - 23.25" cylinder height	N/C
MID	Mid Height Cylinder - 21.00" - 28.25" cylinder height for STOOLS	N/C
FULL	Full Height Cylinder - 24.75" - 34.75" cylinder height for STOOLS	N/C
AFR	Adjustable Foot Ring - Non slip, adjustable foot ring	\$82
SIZE		
SE	Small Edition - Available on 300 task & stools models only. Not available with (MS) Mesh Seat option Made specifically for smaller users. Seat width and seat depth are reduced by 1.5" Also creates a reduced cavity in the molded seat to fully support smaller users	N/C
TBH	Tall Back Height - Adds 5" to standard back height. Tall (CYLT) cylinder also available upon request (N/C) Available on high back task models only. Not available on Contour II or Grid models. Add 1/2 yard for COM	\$94
TSD	Tall Seat Depth - For users over 6'5". Adds 2.5" to standard task and stool seat depth. Tall (CYLT) cylinder included for task models. Not available with ASD option. Add 1/2 yard COM	\$117
MULTIPURPOSE/GUEST		
DOLLY	Transport Dolly - for Multipurpose chairs	\$163
GC	Ganging Clamp - for Multipurpose and guest chairs	\$24
GG	Ganging Glide - for wire frame multipurpose chairs	\$24
SCC	Standard Carpet Casters - for multipurpose chairs	\$70
SPECIALTY		
CAL 133	Flame Guard - Chair made to conform to CAL 133 spec	\$59 per yard used
ESD	Electro Static Discharge - Static conductive upholstery - limited fabric and vinyl choices	Add \$328 to Grade One Price
SC	Semi-Custom - Moderate modifications to meet specifications	Call for pricing
TRFS	Temperature Regulating Foam - Seat Only	\$47
TRF	Temperature Regulating Foam - Seat & Back - not available on mesh chairs	\$78

QUALITY

GENERAL

Seating Inc. manufactures quality chairs that suit any task - and will fit every body. Our chairs are built to last, with a warranty to match, so we buy component parts from the industry's most reputable North American suppliers. Our experienced Western New York crew works hard to meet our customers' high expectations. Completed chairs are inspected and tested. We always do our best to ship your orders complete, correctly, and on time.

MECHANISMS

Mechanism quality is determined by more than just the sum of its functions. The gauge of steel, thickness of springs, size of the mounting plate, and thickness of the back bar stock, combine with functionality and adjustability to determine the cost and quality of the control. EST is North America's pre-eminent producer of chair components, manufacturing a vast array of models.

PNEUMATIC CYLINDERS

Pneumatic cylinders (or gas lifts) are available in many different "stroke lengths", "internal pressures", diameters, and inner wall thickness. We use Class 4 cylinders for all of our products - 400 Newton pressure rating for our *300 Everyday* Task & Swivel chairs, 500 Newton pressure rating for *400 Intensive Use* Task and Swivel chairs, *550 Generous Fit* Task & Swivel chairs, and all stools. "Stroke lengths" are chosen to match the base and mechanism ordered to ensure that our chairs meet ANSI standard seat heights. Cylinder height options are available for special needs. See page 189 for more information.

BASES & CASTERS

Bases should be a minimum of 23" in diameter and have 5 legs. Injection molded polyurethane bases should be reinforced with resin or glass for added strength. Casters should be hooded with two wheels for added stability. All of our parts meet or exceed these requirements. Carpet casters are standard on all chairs with wheels. Additional caster and base options are available. See product pages for details.

INNER WOOD

The quality of inner wood is determined by the grade, overall thickness, number of plys, and wood species. The country of origin is also important as moisture differences overseas can cause lumber to dry out and crack over time. We only use American veneers to produce both simple and compound curved wood component parts in our factory.

FOAM

Seating Inc. uses four types of foam - open cell, layered "soft seat", closed cell molded, and TLC energy-absorbing memory foam. Foam density is the primary property that determines foam quality. Softness is simply a personal preference. Open cell and layered "soft seat" foam is the least expensive foam, with density properties in the 1.2 to 2.9 range. Mid priced closed cell molded foam has a density range of 3.2 to 3.8lbs. Premium TLC energy-absorbing memory foam has a density of 5.2lbs. Other properties that impact quality and comfort are: thickness and compression reset, or loss of thickness over time. We use high quality foam that resists "bottoming out". Seating Inc. foams meet the CAL117 fire standard.

ARMS & ARM PADS

Consideration should be given to more than the style and movement of an arm treatment. The gauge of steel, thickness of bar stock, and secure fastening are all important aspects. Arm pads should support without reverse compression to your forearm and still be durable enough to resist scratches. We offer arms as options to all of our ergonomic task seating choices and choices of arm pads for almost all of our models. All arms are easily adjusted from a seated position.

TEXTILES

The quality of a textile is more than just the number of "double rubs" achieved in a Wyzenbeek test. Fiber content, colorfastness, "backing", weight, and mill warranties should also be given considerable thought. We are proud to offer **American made textiles manufactured by Absecon Mills and Guilford of Maine** along with a full line of graded in upholstery products available through leading distributors Arc-com, Culp, CF Stinson, Mayer Fabrics, Momentum Textiles, and Ultrafabrics®.

PACKAGING

We make sure that our chairs leave the factory in excellent condition, and pack them to arrive in great shape. We use high quality, 350lb. cardboard boxes with stapled corners and "hand hold cutouts" for easy lifting. All boxed chairs are packaged using cardboard "cross inserts" to prevent side impact shock, and foam fill to minimize impact shock to chair.

CONCLUSION

Seating Inc. builds chairs that last, and backs them with an unparalleled warranty. We use high quality North American made component parts, balance quality with cost, and construct every chair with great care. Your Seating Inc. products will provide you with great value and years of trouble-free service and comfort.

COMFORT

GENERAL

Upholstered foam cushions are the layer of comfort that shield a seated person from the hard wood that provides structure for their chair. Seating Inc. uses four types of high quality foam cushioning that meet the CAL 117 fire code requirement - open cell, layered "soft seat", closed cell molded foam, and TLC energy absorbing memory foam. Differences in the composition and shape of foam cushions affect comfort, longevity, and price. Density - the amount of foam that exists in a cushion - is the primary property that determines performance. Softness is a matter of personal preference. Shape adds ergonomic benefits. A high compression reset and/or thickness resists "bottoming out".

FOAM COMPARISON CHART

	Open Cell Foam	Layered Soft Seat	Closed Cell Molded Foam	TLC Energy Absorbing Foam
				
How It's Made	A liquid foam formula is poured into giant pans and allowed to rise. The enormous "buns" that result are sliced and cut to size, then shaped in stacks on a bandsaw	A selection of foams of various firmness and density are combined for a maximum support and durability, topped off with a soft layer of fiber	Liquid foam and pressure are used to produce contoured shapes from molds	Advanced foam formula with exceptional static rebound properties combines with molded process to produce superior resilience and support
Surface & Density	Open Cell Density range: 1.2 - 2.9 pcf (pounds per cubic foot)	Dacron Cover Density range: 1.2 - 2.9 pcf (pounds per cubic foot)	Closed cell surface defends against exterior contaminants that harbor bacteria and promote breakdown Density range: 3.2-3.8 pcf (pounds per cubic foot)	Sealed exterior provides a shield against contaminants that harbor bacteria and promote breakdown. Density: 5.2 pcf (pounds per cubic foot)
Comfort & Durability	Less foam, more air in poured process. Higher density formulas add longevity but open cell foam breaks down more quickly than molded foam.	Combination of layers provides long lasting support and softness.	Increased density achieved with pressure molded process adds long lasting comfort.	Highest density, energy absorbing formula alleviates pressure and provides tremendous support. New TLC foam is quite firm and will soften with use.
Appearance	Simple shapes and wrap upholstery. Added thickness prevents "bottoming out".	Sewn cover relaxes pressure for softer "sit".	Tailored upholstery accommodates sleek, molded shapes.	Tailored upholstery accommodates sleek, molded shapes.
Added Benefits	Least expensive	Cost effective comfort	Molding process lends itself to ergonomic shaping.	Anti-Microbial. Energy absorbing properties relieve pressure. "Memory" property rebounds the same after a lifetime of use.

COMFORT CODES

The following list shows the cushioning that is supplied as "standard" for each model. See each product page for cushioning upgrade options.

CODE	DESCRIPTION	CODE	DESCRIPTION

SHIPPING PROGRAM

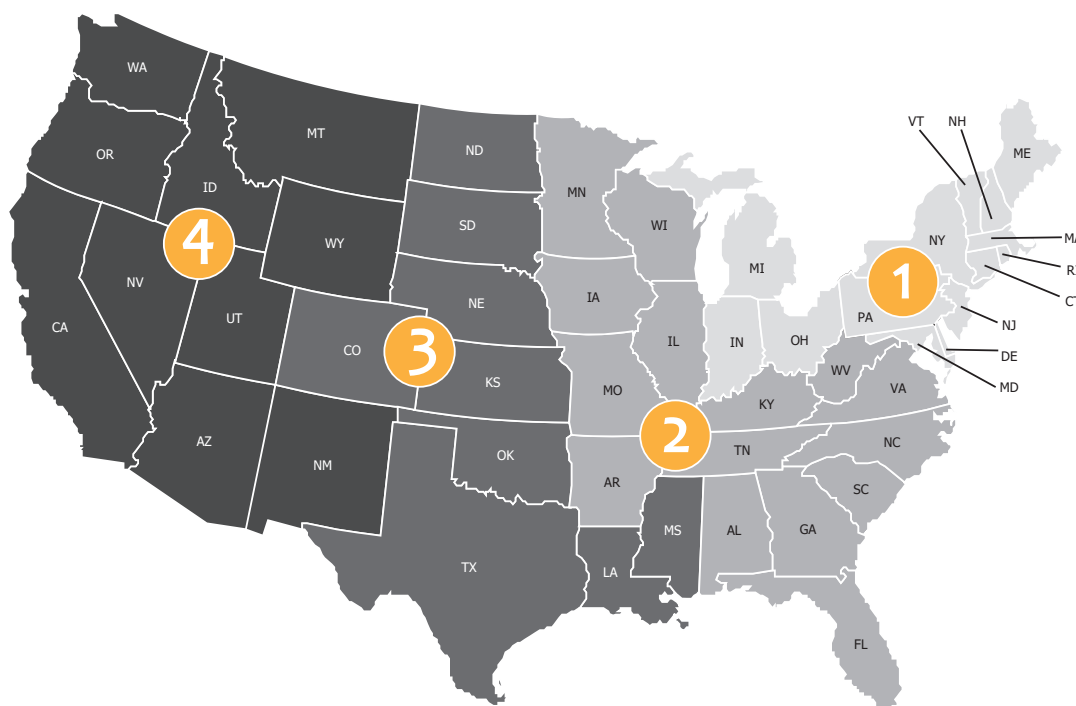

The list prices shown in this price book are shipped free of charge when the appropriate qualifications are met as outlined below. Only shipments to loading docks or approved drop off locations are eligible for the free shipping program. Special shipping circumstances will carry additional charges. These include, but are not limited to, **inside delivery, residential delivery, request for delivery appointment, overnight, 2-day and 3-day deliveries, and incorrect shipping address.** Seating Inc. reserves the right to ship via its carrier of choice and to modify its Free Shipping Program for specific accounts for any reason (i.e. credit delinquency, undeliverable address for Seating Inc.'s choice of carrier, discount programs, etc...) The zone used to determine the free shipping qualifications is based upon the ship-to destination, not upon the originating location of the order. Orders shipped to multiple locations may not be combined to qualify for free shipping.

QUALIFICATIONS FOR FREE SHIPPING

Look in the appropriate Zone table for the qualifications for free freight on your order. If you meet, or exceed the minimum qualified number of chairs as stated below, then your order will be shipped freight free.

ADDITIONAL CHARGES

Additional services will incur additional charges - these include, but are not limited to: driver assist, stop offs, truck ordered but not used (cancelling or changing shipment), reconsignment, driver layover, weekend deliveries, disposal of dunnage such as cardboard. Please contact Seating Inc. for an quote if you require these services.

ZONE 1

- All orders of 11 chairs or more are shipped freight free.
- **300 & 400 Series:** A \$15 per chair charge for orders of 10 chairs or less will be added to the invoice.
- **550 Series:** A \$55 per chair charge for orders of 10 chairs or less will be added to the invoice.

Connecticut	New Jersey
Delaware	New York
Indiana	Ohio
Maine	Pennsylvania
Maryland	Rhode Island
Massachusetts	Vermont
Michigan	Washington, DC
New Hampshire	

ZONE 2

- All orders of 16 chairs or more are shipped freight free.
- **300 & 400 Series:** A \$20 per chair charge for orders of 15 chairs or less will be added to the invoice.
- **550 Series:** A \$65 per chair charge for orders of 15 chairs or less will be added to the invoice.

Alabama	Missouri
Arkansas	North Carolina
Florida	South Carolina
Georgia	Tennessee
Illinois	Virginia
Iowa	West Virginia
Kentucky	Wisconsin
Minnesota	

ZONE 3

- All orders of 21 chairs or more are shipped freight free.
- **300 & 400 Series:** A \$25 per chair charge for orders of 20 chairs or less will be added to the invoice.
- **550 Series:** A \$75 per chair charge for orders of 20 chairs or less will be added to the invoice.

Colorado	North Dakota
Kansas	Oklahoma
Louisiana	South Dakota
Mississippi	Texas
Nebraska	

ZONE 4

- All orders of 100 chairs or more are shipped freight free.
- **300 & 400 Series:** A \$35 per chair charge for orders of 99 chairs or less will be added to the invoice.
- **550 Series:** A \$90 per chair charge for orders of 99 chairs or less will be added to the invoice.

Arizona	Montana
California	Oregon
Idaho	Utah
Nevada	Washington
New Mexico	Wyoming

PACKAGING & FREIGHT CLAIMS

Every consideration is given to ensuring that our products are received by you, or your customer, in the same condition as when it leaves our factory. We know your order is not complete until this is accomplished. All of our products are either shipped via UPS/FedEx, common carrier, or private carrier. This is determined by the number of cartons required for shipping your order, and the destination location.

PRIVATE CARRIER AND COMMON CARRIER

Only orders that are big enough to fill at least a truckload are considered for private carrier shipments. For large quantity orders, we are happy to deliver cardboard wrapped, sometimes referred to as blanket wrapped, fully assembled orders. This is the most convenient way to receive chairs. Simply roll the chairs off the truck into your customer's space. Cardboard wrapping may not be suitable for all chair types and textiles. Call us directly to set up this service. Note: Customer is responsible for disposing of the cardboard.

LTL

Products packaged for LTL shipments may use combinations of private & UPS/FedEx packaging as we see fit.

Orders that do not fill at least a truckload will be subject to shipment by LTL.

Seating Inc. products that will be shipped using LTL are noted on each product page within this price book.

UPS/FEDEX

Seating Inc. products that can be shipped using UPS/FedEx are noted on each product page within this price book.

PACKAGING

We have worked diligently with carriers to ensure that our cartons, packaging, labeling, etc., not only meet their restrictions for size and weight, but more importantly, will arrive at its destination with the least likelihood of any damage.

All cartons have:

- 350lb double wall construction
- Cardboard "cross-inserts" to prevent side impact shock to the chair
- Access holes for easy lifting
- Stapled seam for extra strength
- Foam padding to prevent impact shock to the chair

FREIGHT CLAIMS

Even though we take every precaution to ensure your order arrives with no damage, we cannot control events that may take place in transit. It is the responsibility of the party receiving the shipment to inspect it for signs of damage before signing the bill of lading. Signing the bill of lading releases the carrier and Seating Inc. from any responsibility for damages occurring during transit.

Caution: after obtaining a clear receipt for shipment, the delivering carrier is no longer responsible for damages or shortages.

It is your responsibility to report any shortages or outward damages on the bill of lading. You protect yourself by refusing shipments showing damage or shortage until transportation carrier has noted on the delivery sheet the extent of damage or shortage.

In the event of "hidden damage" it is the responsibility of the party receiving the shipment to contact Seating Inc. immediately.

Damage to contents must be reported within 2 days from the date of delivery. If at all possible, please take pictures of the damage.

All merchandise should be retained in the original shipping container, in the same condition it was in when loss or damage was discovered.

If you experience concealed damage:

1. Call Seating Inc. to report the damage immediately.
Then write an affidavit giving date damaged product was received and the damage incurred. If possible, take pictures of the damage.
2. Retain all merchandise in the original container.
3. Contact Seating Inc.'s shipping department (800.468.2475, production@seatinginc.com) to advise them of the damage situation and be prepared to provide detailed order and product information.
4. Send a copy of your affidavit to Seating Inc. and any pictures, if available. It will be the responsibility of Seating Inc. to file a cargo claim within prescribed time limits and to respond to any requests from the carrier for supporting documentation. The damaged product must be retained until the claim is resolved, or until the claimant is given disposition by the carrier.

IT'S THAT EASY

SIMPLE STEPS FOR WARRANTY/REPAIR SERVICE

We work hard every day to make sure that our products reach your workplace in perfect operating condition. We also know that the minute you take delivery, you are responsible for keeping them that way. That's why every chair we make carries the information you need to give us when service is required.

SIMPLE STEPS

STEP 1

Locate the Seating Inc. tag under the seat of the product.

STEP 2

Call 800.468.2475 to immediately reach a real person at our factory.

OR

go to www.seatinginc.com and download our Service Request Form. The form and any questions you may have can be emailed to: production@seatinginc.com

You can also print and fax the Service Request Form to:
585.468.2804

STEP 3

Give us the info printed on the tag and tell us how we can help ... it's that easy!

WARRANTY INFORMATION

Seating Inc. warrants to the original end user that this product will be free from defects in its material and workmanship, subject to limitations as expressed below. The company will repair or replace, at its option without charge to the original purchaser only, defective products or parts during the following warranty periods.

This warranty shall be effective for the applicable time period beginning from date of purchase as shown on your original receipt or other proof of purchase. This warranty is your sole remedy for product defects and excludes defects due to or arising in connection with products abuse or misuse, user modifications of, or attachments to the product, including application of your own upholstery materials and products or parts not used, maintained, or installed in accordance with the company's installation, maintenance, and/or applicable guidelines.

300 EVERYDAY

Coverage period: Lifetime (which is the entire time owned by the original end user)

Limitations: User weight not to exceed 300lbs.
Normal use of 8 Hour Workday with 5 day work week

400 INTENSIVE USE

Coverage period: 15 Years

Limitations: User weight not to exceed 400lbs.
Intensive Use of 24 Hour Workday with 7 day work week

550 GENEROUS FIT

Coverage period: 15 Years

Limitations: User weight not to exceed 550lbs.
Intensive Use of 24 Hour Workday with 7 day work week

STANDARD CARDED TEXTILES

Coverage period: 3 years from date of purchase

Limitations: Normal use as determined by textile manufacturer's guidelines

10-YEAR TEXTILES(Including Mesh & Cordura® Nylon)

Coverage period: 10 years from date of purchase

Limitations: Normal use as determined by textile manufacturer's guidelines

ARM PADS

Urethane & Gel Pads
Coverage period: 5 years from date of purchase

Limitations: Normal use

Cordura® Nylon Pads
Coverage period: 10 years from date of purchase

Limitations: Normal use

DISCLAIMER:

Warranty covers Seating Inc.'s standard carded textiles. For graded in textiles, or COM textiles, please see supplier warranties.

WARRANTY SERVICE

If this product fails during normal use, as set forth in the limitations above, within the applicable coverage period, please send a description of the relevant part, together with proof of purchase of the product to:

Seating Inc.
PO Box 898
Nunda, NY 14517
Fax: 585.468.2804 | Email: production@seatinginc.com

We will repair, or at our option, replace, the defective part, free of charge to the purchaser, provided only that the purchaser returns said part to Seating Inc., freight or other shipping charges prepaid. Do not return any parts or product without prior written authorization from Seating Inc. The company reserves the right to inspect any part or product to determine the nature of the defect and it is the purchaser's responsibility to return the part or product to the manufacturer at his/her expense for warranty determination.

There are no other warranties, expressed or implied other than those specifically described, including without limitation any implied warranty or merchantability or of fitness for a particular purpose. We will not be responsible for incidental or consequential damages, and/or off-site labor charges. Our company will advise you of the procedure to follow when making warranty claims. Call Seating Inc. at 800.468.2475, or email production@seatinginc.com to explain the defect. Give your name, address, and phone number. Please be prepared with the model number, date of purchase and date of manufacture, found under the seat.

COM AND UC PROCEDURE

CUSTOMER'S OWN MATERIAL (COM)

In order to do our best to ensure that Seating Inc. products upholstered in COM textiles meet your expectations for appearance and durability, we require that all COM fabric, vinyl and leather is reviewed for performance and quality.

Approval Procedure:

Contact your fabric representative to confirm fabric width, pattern repeat and direction. Include relevant information along with your sample, bearing in mind that fabric limitations such as roll width and "stretch" may impact options.

Send a minimum 6"x6" sample of the COM textile to Seating Inc. along with product style number and order quantity, and your contact information.

Seating Inc. will test for suitability and notify you of approval and specific yardage requirements.

IMPORTANT:

- 1) Seating Inc. will not be held responsible for any COM textile wear, defects or appropriateness.
- 2) Seating Inc. reserves the right to refuse any COM material it deems inappropriate for any reason.
- 3) The buyer assumes responsibility for all costs associated with approval, shipping, receiving, storage and other charges related to a COM order.

Ordering (for approved COM textiles)

Yardage in the price book is based on 54" non-patterned material. COM requirements may increase or decrease depending on the width of the roll, pattern repeat and direction, and the quantity of products to be manufactured. Please call the factory for final confirmation of yardage before placing your COM fabric order.

Apply Grade One pricing when you prepare a purchase order for COM.

Order COM textile from appropriate mill or jobber making sure that orders are tagged with the purchase order # that matches the order to Seating Inc.

Ship to:

Seating Inc.
60 North State St.
Nunda, NY 14517
800-468-2475.

Production lead times will be confirmed after COM textiles are received by the factory.

IMPORTANT:

- 1) If you wish to have any unused material returned to you, indicate this on the purchase order.
- 2) You must understand and acknowledge that you, the buyer, are responsible for all handling, packaging and shipping costs to return the materials.

UPHOLSTERY COMBINATION (UC)

A minimum of \$46 will be charged for UC. Due to variations in models and sizes, yield and/or pattern matching, additional costs may apply. Call Seating Inc. to confirm these costs.

When combining carded or graded in textiles of different grade levels, products will be priced at the higher grade level.

Indicate the pattern direction when specifying upholstery combinations in non-solid textiles, bearing in mind that fabric limitations such as roll width and "stretch" may impact options.

Refer to information above for COM.

SEATING INC'S BIFMA level® CERTIFIED CHAIRS

Since we built our first custom chair over 25 years ago, Seating Inc. has made every effort to be a responsible corporate citizen. As the importance of a healthy workplace and a clean global environment has grown, so has our commitment to manufacturing “green” office seating products.

level® Certified - BIFMA sustainability program

Seating Inc. has earned a level® 1 certification that its products conform to the ANSI/BIFMA e3-2012 furniture standard. This American National Standard was developed to help identify and assess environmentally preferable furniture. The standard allows for multiple levels of achievement and provides an open alternative to proprietary protocols. Sustainability areas evaluated under the certification process include: Materials, Energy & Atmosphere, Human & Ecosystem Health, and Social Responsibility.

To learn more about the level® program, visit www.levelcertified.org.

LEED - Earn LEED credits for your project

The LEED Green Building Rating System™ supports global adoption of sustainable green building and development practices. By helping projects earn LEED credits, our chairs support LEED's whole-building emphasis on sustainable development, water savings, energy efficiency, materials selection, and indoor environmental quality.

*All projects regardless of location using Seating Inc. products can qualify for the LEED EQ credit 4.5

Commercial & School Interiors: LEED CI Credit Points (2 available)

EQ CREDIT 4.5 OPTION C - Low emitting materials, systems furniture, and seating products.

Requirements: Passing grade for the BIFMA furniture emissions standard by the BIFMA test method M7.1.

Qualifies: 1 LEED credit point

MR CREDIT 5.1 - Regional Materials

Requirements: Use a minimum of 20% of the combined value of construction and Division 12 (furniture) materials and products that are manufactured regionally within a radius of 500 miles.

Qualifies: 1 LEED credit point

New Construction: LEED NC Credit Points (1 available)

MR CREDIT 5.1 - Regional Materials

Requirements: Use a minimum of 20% of the combined value of construction and Division 12 (furniture) materials and products that are manufactured regionally within a radius of 500 miles.

Qualifies: 1 LEED credit point

ANEW - partners in Recovery and Reuse of our products

Seating Inc. cares about the life of our chairs beyond the sale

As part of our sustainability program, and in order to extend our products' life cycle, we've partnered up with ANEW - a company that actively works to repurpose used furniture to benefit organizations in need. "Doing what's right with what's left".

Visit their website to learn more: www.anewfound.org.

CODES & TESTING

ELECTRO-STATIC DISCHARGE (ESD)

Protects sensitive computers & equipment by dissipating electrical charge down through the upholstery and frame of the chair. Includes appropriate grounding. The Seating Inc. ESD process has been tested to meet the ANSI/ESD-STM-12.1-1997 Protection of Electro-Static Discharge, Seating-Resistive Measurement.

Applications: Recommended for locations that work with, or operate sensitive computer and/or electronic equipment like: circuit board manufacturers, computer chip makers, airline flight monitors, aeronautic companies.

Ordering Information: Clearly specify ESD on your order.

Pricing Information: Add \$303 List to the Grade One price.

ESD Option Includes: ESD Fabric or ESD Vinyl choice, modified mechanism, chrome finish cast aluminum base, ESD hard floor casters, and ESD cylinder. ESD Stools include an ESD adjustable foot ring.

Textiles Information: Static conductive upholstery textile choices are limited. Contact the factory for fabric and vinyl choices.

FIRE CODE STANDARDS

CAL 117

All Seating Inc. products conform to California Technical Bulletin 117.

CAL 133

California Technical Bulletin 133 is a more stringent fire test for furniture manufactured for use in certain public areas and buildings. To meet the requirements of the CAL 133 Fire Code, a special Dupont™ blocker material - which prevents fire from spreading - is upholstered between the foam cushions and your textile choice to ensure your chair meets the toughest fire code in the country.

Ordering Information: Clearly specify CAL 133 on your order.

Pricing Information: CAL 133 upcharge is \$59 per yard. Refer to the COM yardage found in the "dimensions" section of each price book page to calculate the correct upcharge for any given model.

GSA INTENSIVE USE TEST

Some Seating Inc. models have passed the GSA Intensive Use FNEW 83-269E Performance Test. This stringent test requires extremely high performance values to ensure chair survivability in a 24/7, SEVERE use environment.

Applications: for users to require compliance with FNEW 83-269E Performance Test

The following configurations meet the above requirements:

- 550 Generous Fit Models with E51 or Q51 mechanisms, armless, or with TH arms.
- 400 Intensive Use Models with Q35 mechanism, armless, or with TH arms.

CERTIFIED ANSI/BIFMA

All Seating Inc. products exceed the requirements of ANSI/BIFMA Standards. Based on successful testing and independent verification.

For detailed information, please contact Seating Inc. at 800.468.2475

Every seat has a story.

It starts with genuine, hands on craftsmanship where both style and materials are tested and trusted, right down the production line, all the way to the satisfied customer. And it's been that way since 1989.

For us quality isn't just a word, it's the only way, and it never takes a backseat to the bottom line. That's why your seat is safe with us.

Good ergonomic design provides seating solutions that increase worker comfort, health and productivity, which is why we build chairs to fit the whole person. Whatever the body size or shape, our custom configured chairs are designed to reduce strain and help the user feel comfortable all day.

Everyday Seating that's custom-crafted to fit every ergonomic need for single user (up to 300 pounds) working up to 8 hours a day, 5 days a week.

Intensive Use Designed for work in the toughest of settings, where multiple user (up to 400 pounds) share the chair and shifts work around the clock.

Generous Fit. Get a chair that offers performance and support for the larger user (up to 550 pounds) and has also been tested for intensive use situations.
